LOCAL TEENAGE GANG OF AUTO THIEVES NABBED

A gang of teenagers, comprised mostly of Washington Township boys, was rounded up this week by sheriff's deputies and under questioning admitted to a series of automobile and auto accessory thefts throughout Southern Alameda county during the past month.

The gang was made up of boys from Alvarado, Decoto, Centerville and Hayward. The oldest of the group was 16 years of age.

STOLEN CAR WRECKED

The tipoff in the case came following an accident near Alvarado early Sunday morning when three youths from Alvarado, Centerville and Hayward were hospitalized with minor injuries.

A routine check of the damaged auto, a 1949 Mercury, disclosed that it had been stolen from a used car lot in Hayward.

The boys first related that they were merely hitch-hikers and had been picked up by an unknown boy from Los Angeles, who was the driver of the car.

SEVEN IN GANG

Under questioning by Detective Richard Foudy of the sheriff's department, the boys finally admitted, not only the theft of the damaged car, but three other autos and a number of jobs of taking the accessories off parked cars.

The three boys also implicated four other youths who worked with them in the thefts throughout the east bay area.

Their operation had been to steal the cars, use them as long as the gasoline held out, and then abandon them, after taking off all valuable accessories.

The boys are all in the custody of the county juvenile authorities.

NEW SANITARIUM OPEN ON NOV. 15

Dr. and Mrs. Joseph Enos are at last able to announce that their beautiful sanitarium, the Mission Road Sanitarium, will be open on November 15.

Due to strikes, sewage problems, shortages of materials and other adverse conditions, the opening had been delayed. Now, however, the structure, the architecture of which makes it one of the most beautiful in the township, is ready to be put on view, and to house the paying guests. Old people and those convalescing from illness and operations will be especially catered to.

Dr. Enos will be assisted in the administration of the sanitarium by his wife, a trained nurse. He has been practicing in Alameda for many years.

The sanitarium will feature the very latest in accomodations including the most modern lighting fixtures, restful color schemes, everything in fact that would be conducive to quiet and restful convalescence.

SPECIAL MEETING SLATED BY CHAMBER

Complying with the desires of the Washington Township Chamber of Commerce a meeting of fire chiefs of the township, the water district board and a representative of the Pacific Fire Underwriters Board will be held Wednesday evening, Nov. 8, in Centerville.

The meeting will be held in the Justice Court for a discussion of water needs for fire fighting purposes and to record the recommendations of the fire underwriters.

The meeting was called by the Township Chamber of Commerce after it had been asked to study the recent squabble between the water board and the Newark Fire District and Chamber of Commerce over the type of hydrants to be installed on Thornton Avenue.

COMMUNITY CHEST FALLS FAR SHORT OF $7.520 GOAL

The 1950 Community Chest campaign was concluded in Washington Township last week-end and, for the first time since its formation here, fell far short of its goal.

With all but two of the ten division chairmen reporting their solicitations completed, the total was but $4,664.70, according to Mrs. Stella Benbow, campaign chairman.

The amount raised this year not only fell far short of the increased goal of $7,525, but was considerably less than the goal of $6040, which was exceeded last year.

The Advanced Gifts division, headed by Judge Allen G. Norris, accounted for $1,190.

Niles, with Mrs. Gertrude Enos as chairman, led all the other communities of the township with $1,102.85 collected.

Other community chairmen, and the amounts which they and their corps of workers were able to raise, are as follows:

Irvington, Mrs. Wanda Leal, $581.68.

Centerville, Mrs. Ray Rodriguez and E. B. Hodges, $732.76.

Mission San Jose, Lois Bottenberg, $213.

Alviso, Mrs. Ralph Logan, $164.

Decoto, Mrs. Elmer Peixoto, $148.80.

Newark, William Beck, $400.61.

No reports had been received from Alvarado and Warm Springs early this week.

"For the past several years the bulk of money raised in the Washington Township Community Chest has been given to local youth organizations," Mrs. Benbow said. "Those who worked so hard this year to put over this drive deserve a warm expression of appreciation from these young people, and everyone in the township. It certainly has not been an easy job."

Mrs. Benbow said that unsettled world conditions and the high cost of living are undoubtedly the reasons for the fact that the drive did not reach its goal.

"It is felt by the committee in charge that the effort made by the town chairmen and the workers has been most commendable," she concluded.

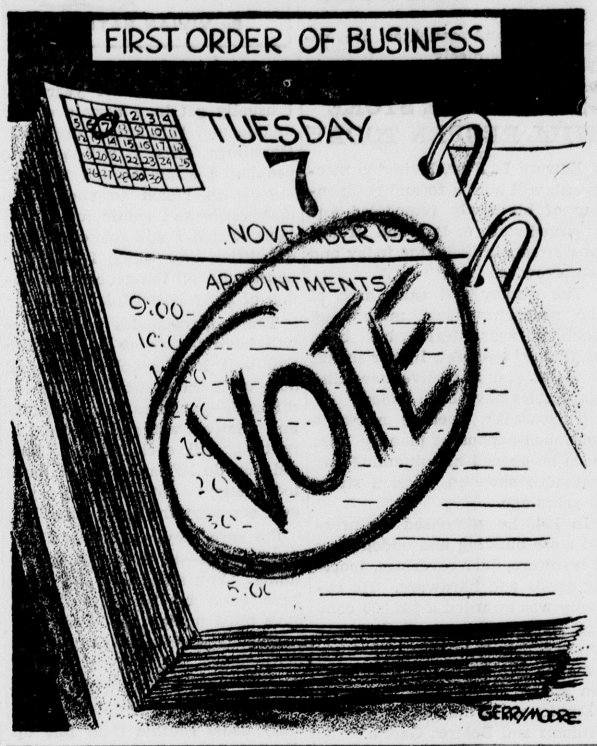
IRVINGTON CHURCH DEDICATION NOV. 12

The recently completed annex to the Irvington Community Presbyterian Church will be formally dedicated at ceremonies to be held at the church on Sunday, November 12, at 2:30 p.m.

Cecil Rhoades, student pastor of the church, and the Rev. Lester O. Eisel, member of the Church Extension Board, San Francisco, will preside over the dedication ceremonies.

Following the ceremonies a tea will be served in the annex by the Church Women's Association and the Ad-A-Mites.

The $8,000 Sunday School and recreation building was recently completed by R. A. Griffin, Irvington contractor, from funds raised through a building campaign staged by the church members. Much of the labor for the construction of the building was donated.



CREDIT BUREAU SIGNS CONTRACT

A dinner meeting, to which all the businessmen of Washington Township are invited, will be given by the Washington Township Credit Bureau at the International Kitchen on Wednesday, November 8, at 7 p.m.

In announcing the meeting this week, President Jack Parry also revealed that the directors have signed a 10-year contract with Charles McCarty of Stores Reporting Service, San Jose, to operate the local credit bureau. McCarty, who aided in forming the bureau here, has named Henry Hamlin of San Jose to operate the township bureau, with offices at 104 North Main Street, Centerville.

Parry also revealed that the directors have elected Walter Chrysler, Niles, vice-president of the organization, succeeding Allan Hirsch, who resigned.

A report on all activities of the organization, since it was formed here in April, will be made at the meeting.

Parry said yesterday that the organization now has a total membership of 31 participating business houses with a file of 7,000 individual credit listings. He said that additional members will be accepted into the organization from this area and asked that all interested person plan to attend the dinner meeting.

NINE TOWNSHIP MEN INCLUDED IN DRAFT QUOTA FOR OCTOBER

Nine Washington Township men were among the 47 draftees called to duty with the armed forces last Friday by Draft Board No. 54 at Hayward.

The local men, now at Fort Ord for their basic training, are: Sammy Ayala, Leon Vieux and Philip Ayala, Niles; Lavern Rose, Eugene Robinson and Harold Alameda, Irvington; Roul Ramirez, Henry Goularte and John Hidalgo of Decoto.

The October quota was the second group to be called to duty with the armed forces since the Selective Service Act was reactivated this summer. On September 27 a group of 43 draftees, which included six township men, began their tour of duty with the armed forces, called by Draft Board No. 54 which serves all of Southern Alameda County.

Manuel Lewis, Centerville, a member of Board No. 54, said this week that all of the men in the October quota were in the age bracket from 20 to 22. He stated that the November quota, yet to be received, would probably make it necessary to begin calling 19-year-olds to duty.

DREAMS COME TRUE FOR NILES MOTHER

* * * * * * * * *

HITS THE JACKPOT, WON'T BELIEVE IT

"If I win that $2200 at the Drive-In Theater I'll treat all of you folks to a big steak dinner," said Mrs. Joseph Maria of Centerville to a crowd of friends and relatives who were gathered 'round. She laughed as she said it, and felt pretty safe. She had never won anything in her life, not as much as a Pop-Eye doll at a shooting gallery on the boardwalk at Santa Cruz.

But this week Mrs. Maria—whose husband drives the school bus at Niles—is going shopping for steaks! Yes, indeed, she won the $2200 and is the most surprised, and pleased, person in Washington Township.

Mr. and Mrs. Maria went to the show last Friday and received a "proxy" ticket for the Saturday drawing, because they planned to be in Sacramento over the weekend visiting her sister, who had just moved into a lovely new home.

"I sat there dreaming in my sister's new home,' said Mrs. Maria, "wishing that we, too, could have one. But with four children it's so hard to save up enough for a down payment."

When the couple arrived home Sunday evening Mrs. Ethel Montero, who had "baby-sat" with the four Maria children while their parents were in Sacramento, greeted Mrs. Maria with "You won! You've won $2200! I've been trying to phone you, but because of the storm I couldn't make connections."

Mrs. Maria, who had played a practical joke on Mrs. Montero the week before, just laughed and said, "Okay, I won. Now what will we do with the money?"

"I'm not joking," said Mrs. Montero. "This is real. You really won!"

But Mrs. Maria who, as we've already said, had never won anything in her life, remained unconvinced.

Finally Mrs. Montero, unable to make her believe the news, became hysterical and broke down crying. At this juncture Mrs. Maria began to wonder. Could it be true that she had actually won $2200? So she phoned the Drive-In Theater, and the wonderful piece of news was confirmed.

"My husband and I went right down to the theater, and they handed me the check and took my picture—and I was shaking all over from nervousness and joy."

When they got home their four children—two boys and two girls ranging in ages from two to nine—began clamoring for everything from Hopalong Cassidy suits to bicycles. Suddenly their mother had become a fairy godmother.

"But I put the whole check in the bank," Mrs. Maria said, "and it's going to stay there until we find a house to buy, and then we will use it for a down payment. Of course," she added, smiling, "I'll have to use some of it to buy those big thick steaks we promised. But I'm happy to do it."

BODY OF SUICIDE FOUND IN AUTO

The body of a San Leandro man, Eugene Smith, 36, was found in his parked automobile off Lowry Road near Alvarado about 2:30 p.m. yesterday. A hose leading from the exhaust of the automobile into the interior of the car indicated that he had taken his own life by carbon monoxide poisoning.

Smith had been listed as a missing person since Sunday, when he left home in the family car, telling his wife he was going for a drive. Mrs. Smith, soon after his departure, discovered that five sleeping tablets were missing and reported the incident to the sheriff's substation at Hayward. She stated that Smith had suffered a nervous breakdown recently and had been very depressed.

Deputy Coroner Ben Murphy said late yesterday that Smith probably drove his car into the bushes along the slough late Sunday or early Monday and rigged the device which took his life.

SHERIFF'S RESERVE TRAINING COURSE TO OPEN MONDAY

The first in a series of weekly training sessions for a Sheriff's Reserve in Washington Township will be held Monday evening at Washington Union High School.

Detective Stanley N. Petersen, member of the sheriff's department who has aided in the formation of the reserve force here, said yesterday that approximately 75 local men have signed up for the training course. He said that all of the volunteers who have been accepted have been notified by mail.

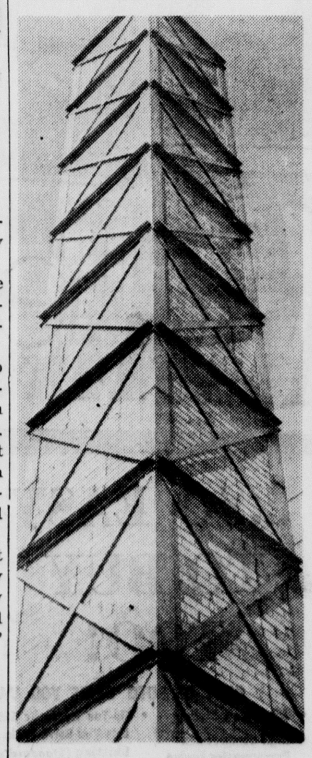
The weekly meetings, open only to the trainees, will be held each Monday between the hours of 7 to 10 p.m. in the school cafeteria.

Sheriff H. P. (Jack) Gleason will be here for the first meeting to advise the men of their responsibilities and what he will expect of the reserves in this area.

Lieutenant Floyd Heffron of the sheriff's department will outline the reserve training program, subjects to be taught and hours to be devoted to each subject. A film, "The American Cop," will be shown.

The course of instruction will include classes on classroom note taking, field note taking, rules of evidence, laws of arrest, public relations, care and use of equipment and report writing.

Upon completion of the course the trainees will be sworn in as special sheriff's deputies.



X'S MARK THE SPOT . . . This week's mystery picture in The Register's "Guess Where" Contest is marked by not just one, but many x's, as shown above. Need of Defense Plan Here Cited by Sheriff

"People in this section have a big stake in the civil defense program of the bay area," Sheriff H. P. Gleason warned at a public meeting held at Washington Union High School on Wednesday evening.

Outlining briefly a policy of civil defense which this area must plan to follow, the sheriff said that in the event of an atomic bomb attack in the bay area, "You people might be the well ones—the whole ones—and would be needed to administer to the other people."

Looking over his audience of less than 100 persons, Sheriff Gleason recalled a similar turnout at a civil defense meeting that he conducted here in 1940, but added that he had an overflowing crowd at the following meeting, held following the bombing of Pearl Harbor.

FEAR RUSSIAN BOMBS

In answer to his own question of whether or not there is a real need for civil defense, the sheriff said, "We know Russia has the atom bomb. When or if they will use it we do not know."

He gave a brief summary of the recent troubles in Asia and reported on lectures which he attended recently in Washington, D. C., concerning the national defense program.

He told his audience that there is more to fear in this area from an underwater blast than from an air burst of the atom bomb. He said that radioactive water particles could be carried to this area by prevailing winds from the San Francisco side of the bay.

EVACUATION CENTER

This area should be ready for an influx of thousands of homeless people in the event of a major disaster, the sheriff said. "We can't sit back and let George do it—George is going to be busy."

To illustrate his point, the sheriff said that in the event of a major disaster in Oakland, fire departments, doctors, nurses and police officers would be taken from this area. It would then become the burden of the auxiliary civilian units to take over the duties of the regular units.

"Every man and woman in this township should offer their services and prepare themselves to take over some civil defense job," the sheriff urged. "I would like this end of the county to have a good civil defense program in operation within six months."

Sheriff Gleason gave the civil defense volunteer enrollment forms to Gene Manning, executive secretary of the Township Chamber of Commerce, and asked that he see that they be made available to every adult in this area.

ASKS ALL TO HELP

Manning said, following the meeting, that he would work out a system so that every person willing to take any part in the program might fill out one of the forms, indicating any special training he had completed.

Each community of the township will be expected to form its own defense organization and to coordinate it with an overall township system.

All persons, unless they are members of a volunteer fire department, are asked to register for the civil defense program.

BUILDING PERMITS SHOW INCREASE

For the first time in the past three months, the number of building permits issued by the Alameda County Building Inspection Department showed an increase for the month of October.

Marcus S. Carlson, building official, in his monthly summary, revealed this week that 529 permits with an estimated valuation of $3,274,690 were issued during October. This amount shows a decided increase over the 394 permits with a valuation of $2,810,280 issued during September.

Single family dwelling permits, totaling 365 with a valuation of $2,753,885, led all other categories.

CENTERVILLE AND DECOTO RESIDENTS CONTEST WINNERS

Residents of the township had little difficulty identifying The Register's mystery picture in last week's "Guess Where" contest, with 37 of the 43 persons who telephoned last Friday giving the correct answers.

First to telephone and give the correct answers, thus winning the first prize of $2.50, was Manuel Seoane of Decoto.

A Centerville resident broke into the winning column for the first time last week with Lorraine Rodrigues, P. O. Box 175, being the 20th person to phone and give the correct answer. Her winning last week added the fifth community to the list of prize winners. Previous prizes have been won by residents of Irvington, Niles, Decoto and Newark.

In case that you were one of the ones fooled by last week's picture, it was not a fire siren tower, as several persons guessed, but was the Civil Aeronautics Administration's airplane beacon located adjacent to Jarvis Road west of Newark.

The first twenty contestants who correctly identified the picture, in the order that they telephoned, were: Manuel Seaone, Decoto; M. D. Caldeira, Niles; John Franco, Niles; Mrs. Frances Tyson, Niles; Manuel Swartz, Niles; Mrs. L. Manuel, Niles; Mrs. John Rice, Newark; Tony Garcia, Niles; Mrs. Roy Springer, Newark; Florence Mathews, Niles; Mrs. Verba Westray, Niles.

Priscilla Pierce, Newark; Bernardine Francis, Centerville; Mrs. R. T. Henderson, Niles; Erle Hygelund, Centerville; Barbara Davis, Niles; Oliver Cordeniz, Niles; John Meneze, Newark; Mrs. Don Martin, Decoto, and Lorraine Rodrigues, Centerville.

This week's picture appears at the bottom of the page. When you think you know what it is and where it is located, telephone The Register, Niles 3261 or 3271, after 9 a.m. today (Friday) and if you are either the first or twentieth person to call and give the correct answers you will win $2.50 in cash.

NIGHT MEETING OF IRVINGTON CHAMBER

Next week's meeting of the Irvington Chamber of Commerce will be held at Roethlin's Cafe with dinner to be served promptly at 7:30 p.m.

The meeting was arranged so that members unable to attend the luncheon meetings might plan to attend for a discussion of problems.

LOCAL AMBULANCE DRIVER LOSES RACE

* * * * * * * * *

MODERN VEHICLE NO MATCH FOR STORK

Bernard Vail, operator of the Township Ambulance Service, lost a race last Thursday night.

Vail's modern ambulance proved no match for old man stork. The race was run over a 27-mile course between Centerville and Highland Hospital in Oakland and Vail had just passed the half-way mark when his long-winged opponent crossed the finish line.

The race started at 11:15 p.m. when Mrs. J. Fernandez, who resides on the Stevenson Ranch between Centerville and Irvington, knocked on the door at the Vail home. She told Vail that her daughter, Mrs. Frances Robledo of Hayward, had been visiting her but the visit was cut short by the rustling of wings. They had begun the long trek to the hospital in a truck, but as they neared Centerville it became apparent that they would never make it to the hospital in the slow vehicle.

Mrs. Robledo was transferred to the ambulance and the race was on.

Just as he neared the city limits of Oakland, Vail, riding alone in the front seat of the ambulance, heard the wailing of his siren augmented by the wailing of a new-born infant. He was assured by Mrs. Fernandez, who was riding with her daughter, that all was well.

When he arrived at the hospital he learned that it was a little girl that can someday point to his ambulance as her birth place. Doctors and nurses at the hospital began congratulating the ambulance driver for his fine work, to which he replied, "I didn't do anything—nature took care of everything."

Mother and daughter are reported doing nicely.

EDW. L. ROSE STORE WILL REOPEN TODAY

Edward L. Rose, Irvington merchant, will hold a formal re-opening of his newly remodeled and enlarged store at Bay and Broadway streets in Irvington today and tomorrow.

The display and sales area of the store has been more than doubled, the interior has been brightened with new lighter shades of paint and attractive new display tables have been added.

This week's opening marks a continued expansion plan by Rose since he opened his plumbing and appliance shop on Mission street 18 years ago.

In 1943 he purchased the present store building and added lines of furniture, floor coverings, sporting goods and hardware. He recently was awarded a $35,000 contract by the Greenwood Corporation to supply the linoleum in their homes in San Lorenzo Village and San Mateo.

Employees at the store are John Williams and Dolores Garcia.

FARM AND HOME CLUB DISCUSSES NUTRITION

Thinking Things Over . : :

By VIVIAN BATMAN

LET'S BE ORIGINAL

This is the time of year that I usually get in a tizzy over the unique and "absolutely different" Christmas gifts I will give to people. I scour around for odd objects in which to encase the marmalade and exotic jellies and jams, which I will make in large quantities, and which I will dispense with all the generous abandon of Lady Bountiful.

These marmalades and jellies will have the flavor of ambrosia and will look simply divine all done up in their natty—and oh-so-different—packages. My friends and relatives will gaze at them in rapture, will exclaim, "Oh, how did you do it!" and "Oh, it looks too pretty to eat," and "Did you ever see anything so original!"

I'm sure they would say all of these things—if given the opportunity. You see, years and years have gone by, and Christmases have piled up by the dozens, and I still have yet to make these exotic marmalades and jellies and to encase them in these quaint—and oh-so-different—packages.

My usual routine is to line up all the "quaint" containers—the cold-cream jars, the bean jars, the mustard jars, the soap dishes, ash trays, gelatin molds, and any flower pots I might have kicking around—anything at all that is DIFFERENT. I shun anything that looks lke a jelly glass, in deference to all of the women's magazines which seem to deplore putting jelly in jelly glasses.

After I took over this assorted array—all of which look like refugees from a junk shop—I come to the horrible realization that they all have to be filled, before I can present them to anyone. In addition to that, they have to be wrapped. Not just ordinary wrappings. Oh no. They have to be wrapped in packages to simulate a burning candle, a holly wreath, a star, an icicle, or a Christmas tree. It is all done wth cellophane paper and ribbons. So say the women's magazines.

It is at this point that I decide that too many people—if the current magazines can be believed—will be making jelly and putting it in these oh-so-different containers as gifts.

What the world needs in this present critical state it is in, is more really DIFFERENT Christmas gifts. So I will give hosiery and handkerchiefs.

NOT A REWARD

I am a firm believer in rewards for school children who perform creditably in their lessons. There is one "reward" however, which I claim is no reward at all. It is that of allowing the child to remain out of school for a day or a half day. It smacks too much of a pardon out of prison. The child should never think of school as a place or a condition from which to escape.

To be able to attend school should be considered a privilege by every American school child. It should never be alluded to, even by implication, as a place of incarceration. A child should look forward to going to school.

If he has done his lessons well, there are numerous other "rewards" that could be granted him. But to allow him to remain out of school, for even a half day, is not a reward, but a punishment! For by remaining out of school, even for so short a time, he thereby misses a certain amount of his class work.

If a half day of school isn't important in a child's school curriculum, it ought to be!

At the end of the American Revolution there were 43 newspapers in the colonies.

INTERESTED?

Attention! — Let's not make another club fall through. The Catholic Mothers are in the hopes of forming a club, and if enough persons are interested the club will continue. All persons interested are requested to attend the 8:30 a. m. mass on Sunday, November 12. After mass, plans for the club will be discussed.

FRANCES IRENE HERE

Even though the rain interfered with other plans, it didn't prevent keeping the stork busy. On Thursday evening he appeared at the O'Connor Hospital in San Jose to deliver a 5 pound baby girl to Mrs. Nick Lazzarino. Both the baby, who has been called Frances Irene, and the mother, are doing fine. On Saturday Mr. Stork rushed to the Highland Hospital to deliver a baby boy to Mrs. Tony Cardenas. The Cardenas live at 707 Tenth Street and also have a little girl.

ENVY OF ALL

Mr. and Mrs. Don Martin and son, Donnie, were the envy of the other fishermen at Rio Vista last Sunday when they came in with the limits of bass. Although the weather was perfect until three in the afternoon, the others were not as lucky as the Martins.

HONORED

At the Friday evening meeting of the Alameda County Association of Firemen, held at the Washington High School cafeteria, the members of the Decoto Fire Department presented Mr. A. A. Capturing the second prize were Martha and George Washington, better known as Mary M. Silva and Lorraine Soito, both of Newark. Betty Boszue and Richard M. Silva of San Jose took third prize, Lionel Alphonso took fourth by posing as that gruesome character Frankenstein. MISSION SAN JOSE NEWS

By LOIS BOTTENBERG

Lois Bottenberg

BEST EVENING

The pot luck supper that was given by the Mothers' Club to their families last Friday was a huge success with everyone enjoying the wonderful eats and, best of all, the big cake decorated by our own Margaret Phillips with "Welcome Mr. and Mrs. Jones" on it. It was a get-together in honor of our new teacher and his wife. Mrs. Dorothy Click had charge of the games which were hilarious and lots of fun. Everyone joined in the spirit of the evening and all said it was the best evening had together in a long time.

WHEW!

Thompy Thompson, who lives way out on the Mission Hereford Ranch with his folks, Florence and Larry, thought he was not going to get to play trick or treat this year as his pal, Stanley Garcia, had moved way over on the Calaveras Road, but he and his folks were invited to Redwood City to the Mulcahay home to go out with Margaret and Billy and what fun they had. One place would not treat them unless they sang a song and then to top it all the folks made recordings and played them back for the boys. What fun. His best trick or treat year.

TO LOMPOC

Last week one of my news items went astray but it is still new to some, as Mary and George Rodrigues, Marilyn and Dorothy, accompanied by grandmother and grandfather Lawrence, motored to Lompoc, near Camp Cook, to spend the day with Mr. and Mrs. Elidio Cunha, the former Marie Lawrence and their family.

VISITING

Ed and Josephine Chambers, Ronnie and Beverly motored to Loomis for a three-day holiday with Ed's folks, Mr. and Mrs. Tom Chambers, and other relatives.

ALL IN FUN

What you know. Our friend Joe Santos, accompanied by John E. Furtado and son-in-law, Marvin Santos, went on a nice trek on Saturday to Pacific Grove, down the seventeen mile drive to Carmel and back again. Are you spoofing, Joe, are you sure there wasn't a lady in the group. Watch him, Helen. All in fun for Joe told me himself.

MARJORIE ANN ARRIVES

She's here! Early on the morning of November 1, little Miss Marjorie Ann arrived at the Manuel Phillips making their little brood of kiddies number five. She weighed 9 pounds and 11 ounces, and was born on her Aunt Gracie Vieth's birthday. Her mommie is "Queenie" of Can Can fame.

ORDERLY NIGHT

Trick or Treat night was surely an orderly and full of fun night in the Mission and all the kiddies were out with their bags getting their share. They ranged in size, big boys and girls to little tiny two-year-olds and everyone got an especial bang out of their squeaky "Twick or Tweat."

RAINY WEEK-END

A very rainy week-end was spent by Lois and Glenn Bottenberg at Lakeport with Mr. and Mrs. Tom Santos, Diane and Michael. All are well there. All along the way there were signs of what a bad storm it really was.

Your correspondent took a quick run over to the new Mission Beauty Salon just before writing this article and I must say Mr. Stuart Fletcher has done a super job of fixing up a very old building into a darling salon where milady can go and relax and have a perfect hair do by the very friendly and charming Carmen Luverno from Decoto. Mrs. Luverno is a homemaker and has operated for many years. The Fletchers are indeed lucky to get such an experienced operator. She has done the ladies hair for the old folks home in Decoto for many years.

The shop is a very soft color of grey with wicker chairs with bright floral seats.

LOCAL WOMAN GETS NATIONAL ACCLAIM

Mrs. Wilda Mette of Centerville, district superintendent of Russell Grammar School, left Tuesday, Oct. 24, with a member of her teaching staff and a student.

They flew to Valley Forge, Pa. The trio received awards for having presented one of the best entries on the topic of "The American Way of Life" in a contest sponsored last spring by Freedom Foundation. Russell School placed among the top 10 schools in the nation. A free trip and three days with all expenses paid to the "cradle of liberty" were the prizes.

In notifying Mrs. Mette of their decision, Kenneth D. Wells, executive vice-president of Freedom Foundation, wrote: "The entry submitted by Russell School District was considered by the School Awards Jury to be one of the outstanding entries worthy of award."

Mrs. Mette is the wife of William Mette Sr., industrial arts instructor at Washington Union High School in Centerville. They have a 22-year-old son, William, who is in his third year at San Jose State College. She was born in Philadelphia, Pa., amidst the tradition of the famous Liberty Bell. When she returned there this week to accept the Freedom Foundation award, it was her first visit there since she was four years of age. To round out the picture, this outstanding event in Mrs. Mette's life fell on her birthday.

STOP THE "FIX"

Wide-open, commercial gambling would be "fixed" in California if the promoters of Proposition No. 6 put over their scheme.

The promoters *name themselves as a 5-Man Gambling Commission with absolute power for six years* to make their own rules, issue and revoke gambling licenses, and run their own gambling establishments.

They would be handed 6 million dollars from the State Treasury just to get started! And they could send *you* to jail for playing penny-ante poker at home if you didn't get a license from them first!

Under Proposition No. 6, gambling spots would be *exempted from local taxes*—yet local communities would be burdened by the huge cost of *increased police protection* against the horde of racketeers, gangsters and hoodlums that Proposition No. 6 would attract to California.

CRUCIAL LEAGUE ENCOUNTER TONIGHT FOR WASHINGTON

The Washington Huskies will be hosts to the Los Gatos gridsters on the home field at Memorial Stadium tonight (Friday) in one of their toughest and most crucial games of the season in the Santa Clara Valley Athletic League.

The Washington squad will enter the fray as the underdogs by virtue of their 18 to 13 win last Friday over Fremont. Los Gatos dumped the Indians in an earlier game for a 38 to 7 win. Last Friday Los Gatos defeated San Jose Tech 21 to 6 in an S.C.V.A.L. clash.

TWO REGULARS BACK

The Huskies' victory last Friday over Fremont gave them a league standing of two victories and one loss, having bowed to Santa Clara in the season's league opener. Back in the Huskie lineup, after a week's suspension because of scholastic standings, were Spence at Center and Duarte at tackle. Elizarrey, halfback who injured his knee in the Campbell game, was still unable to see action but may be used tonight.

The Washington lads scored the first time they got possession of the ball last Friday. They recovered a fumble on the 50-yard line and marched down the field on a series of running plays. Gil Cicairos scampered over from the 20-yard line on a single reverse after six minutes of play. Salvador's kick for extra point failed to split the uprights.

Fremont went into the lead in the second period when Fullback Gary Jones scored from two yards out. Jones made the conversion to put his team into a half-time lead of 7 to 6.

A pass from Pagan to Cicairos early in the third quarter was good for 17 yards and another Huskie touchdown. Pagan's attempt to plunge for the extra point failed and the Huskies led 12 to 7.

In the closing minutes of the third quarter Fremont again jumped into the lead when a pass, good for 60 yards, gave them another touchdown and a one-point lead of 13 to 12.

Pagan saved the day late in the fourth period by advancing to scoring position on a series of passes and plunging over the goal for the final tally. Salvador's try for extra point was blocked.

The Washington Puppies, in a preliminary encounter, suffered their first league defeat of the season, bowing by a one-touchdown margin of 25 to 21.

EASY WINS FOR W.U.H.S. CAGERS

The Washington C and D basketball squads continued to add scalps to their victory belts last Thursday by defeating both Los Gatos squads in Santa Clara Valley Athletic League games.

The 1949 championship D team scored its fourth consecutive win, 28 to 5, and the C's raised their league standing to .500 with their 26 to 24 victory.

The C's sneaked through with Costa scoring in an overtime period.

Coach Don Wolfe's D squad hardly worked up a sweat to win their game. They held the Los Gatos club scoreless in the first half and allowed them two points in the third quarter and three in the final stanza.

Why you should VOTE YES on No. 11

This ballot proposition corrects a defect in the law, to make it possible for an owner of land registered under the Land Title (Torrens) Act to withdraw it *if he wishes to do so.* There is now no way to do this.

The measure was passed unanimously by the State Legislature and signed by the Governor, in answer to the plea of many distressed property owners. Proposition 11 will save taxpayers hundreds of thousands a year, by simplifying the work of County Recorders, whose association has endorsed it. Proposition 11 also has been endorsed by scores of civic, labor, and business organizations, and so far as we know has been opposed by none.

A Real Surprise Party

She wasn't celebrating a birthday. She wasn't celebrating an anniversary. She wasn't celebrating anything, in fact. That's why Mrs. Anna Leal of Irvington was so especially pleased and surprised last Wednesday evening when her five sisters came to see her, bringing not only a gift of a set of pottery dishes, but also all the refreshments for the party. The five are Mrs. Minnie Garcia and Mrs. Nora Garcia, both of Milpitas; Mrs. Rose Ramos of Warm Springs; Mrs. Angie Santos of Campbell, and Mrs. Edline Agrella of San Leandro.

The six sisters had a wonderful evening playing on a fifty-year-old banjo brought over from the old country by their father, and singing the old country songs.

Seeing Old Friends

Mr. and Mrs. Charles Sillers of Oakland were in Niles this week calling on old friends. Mrs. Sillers will be remembered as the former Mrs. Roger Hatch of the Old Niles Canyon Road.

RINGS . . . exchanged last Sunday by the former Rita May Krabach and her husband, Walter Blake Jr., were admired following the ceremony by the newlyweds' mothers, shown beside them, Mrs. Walter Blake, left, and Mrs. Frank Krabach, right. Also looking on were the bride's attendants, left to right, her sister and matron of honor, Mrs. George Oliver, Miss Lucille Thomford and Miss Flo Taylor, bridesmaids.

BLAKE-KRABACH NUPTIALS PERFORMED IN AUTUMN SETTING AT HAYWARD CHURCH

Enchanting autumn colors were combined Sunday for the 4 p.m. formal wedding ceremony uniting Miss Rita May Krabach and Walter H. Blake Jr., before the chrysanthemum bedecked altar of Eden Congregational Church.

Escorted up the aisle by her father, Frank Krabach, the bride was attired in a white satin gown fashioned with an off-the-shoulder neckline brought to her throat by lace-yoking. The fitted bodice lines continued to the full skirt, highlighted by a bustle and train.

Her fingertip veil fell from a graceful beaded crown, while the bridal bouquet was composed of white bouvardia and a centering white orchid.

The bride's sister, Mrs. George Oliver, was adorned in a forest green satin formal, styled with a deep neckline, cap, sleeves and tiny buttons down the front of the bodice to the full, hooped skirt. She wore a matching Juliette cap and carried an arm bouquet of rust and yellow toned chrysanthemums.

Dressed in gowns, following the same pattern, were bridesmaids Miss Lucille Thomford in soft gold satin and Miss Florence Taylor in gold-tinted, toast satin. Both attendants had head bands and arm bouquets of chrysanthemums highlighting the fall tones of the formals.

Serving as best man for Blake was his uncle, Marvin Blake of Oakland, while the guests were ushered by George Oliver and Bruce Nickel.

With Rev. Richard Norberg officiating for the rites. The wedding program consisted of Greig's "I Love Thee" and "I Love You Truly," sung by Robert Vanier of Hayward, accompanied by Mrs. Richard Norberg.

Mrs. Frank Krabach selected a deep orchid colored dress with a drape effect at the shoulder and hip lines and black accessories. The bridegroom's mother was attired in a wine colored dress with brown accessories for the ceremony. Both mothers were also presented with orchid corsages.

Following the wedding reception in the church hall, the new Mrs. Blake donned her going-away suit, which was a tiny pink and grey check material, and a flattering blue velvet hat with matching blue accessories.

The newlyweds then left on a short honeymoon trip to Yosemite and will return this week to establish their first home in an apartment at 174 Castro Street in Hayward.

Announcing her engagement on Oct. 15, 1950, the bride graduated from Hayward Union High School in June, 1948, and has since worked in the commercial department of the Hayward Bank of America.

A June, 1945, graduate of Washington Union High School, Blake was a member of the army forces for 21 months and is now employed by the Pacific Telephone and Telegraph Company.

The Civil War developed an appetite for news among the people.

Defeat the Tax Shift Scheme!

Proposition No. 1 would remove all personal property from taxation in California. The revenue loss (some 200 million dollars a year) would have to be made up from other tax sources—most likely from sharply increased taxes on small property owners, increased sales taxes, or both!

The bulk of personal property taxes is paid by a special class of business concerns who own little or no real estate, but have large investments in inventories, parts and equipment.

Proposition No. 1 is an attempt on the part of a few to shift their rightful share of the cost of government to the general public.

Don't pay somebody else's taxes!

RUBINSTEIN IN SAN JOSE FRIDAY

Artur Rubinstein, the idol of the public that runs into millions, hailed as the greatest pianist of the period, will play in the auditorium, San Jose, next Friday night, November 10. No pianist since the fabled Paderewski draws such audiences as Artur Rubinstein. When he played in Rome in 1947, the box office line began to form at four o'clock in the morning the day the tickets went on sale and all thirty-five of his European concerts were completely sold out. His recital in the San Francisco Opera House last spring drew the largest audience of the year, and his concert in the huge Metropolitan Opera House, New York, was sold out weeks in advance by mail orders only.

Rubinstein's San Jose program will include the Chaconne, Bach-Busoni; Scherzo C sharp minor, Mazurka D major, Nocturne D flat, Sonata B flat minor, Chopin; La Cathedrale Engloutie, La Plus Que Lente, L'Isle Joyeuse, Debussy; The Maiden and the Nightingale, Granados; Mephisto Valse, Liszt.

Tickets for the Rubinstein recital in San Jose are on sale at the Denny-Watrous box office, San Jose auditorium. Following Artur Rubinstein, the Ballet Russe de Monte Carlo will give one performance in the San Jose auditorium on Monday night, November 27.

Lewis again warned the men that if they desire to select their branch of the armed forces they should enlist before receiving the notice to report for pre-induction physicals. Once that notice is received the recruiting offices can no longer accept the applicant for enlistment.

TEENAGE LOITERERS WILL BE GIVEN CITATIONS HERE

Teenagers found loitering about the streets here will be given citations, Richard Foudy, detective on Sheriff H. P. Gleason's staff, told the members of the Irvington Chamber of Commerce at their luncheon meeting Tuesday.

Foudy was a guest at the meeting following the request for assistance from the sheriff's department by the Chamber in helping to curtail the youths loitering about the streets during late evening hours.

KEEP YOUTHS OFF STREETS

The detective said that he would ask the sheriff's night patrol to issue citations throughout the township wherever they found the youths wandering about the streets.

Speaking on the youth problem in general, Foudy praised the Scout organizations and Youth Centers for the work they are doing. He added, however, "You could have a Scout troop on every corner, a community center in every block and a gymnasium in every two blocks and you will still have a problem. There are certain types of boys that will have no part of any such activities and will roam the streets, probably ending up in serious trouble."

Improperly supervised cigarette vending machines and pinball machines were cited as a juvenile problem by Detective Foudy. He said that too often the youths will squander their money in pinball machines and then begin stealing to replace their waning funds.

OFFERS SUGGESTION

He expressed the belief that "closed campuses" for schools would be a good move in curbing absenteeism. Youths not attending school who loiter near the school grounds in their hot-rods attract many of the students away from their afternoon classes, Foudy pointed out. He said that schools that do not permit students to leave the campus during school hours and do not permit unauthorized persons to park near the school grounds, have found that tardiness and number of absentees during the afternoon sessions are far below other schools.

As publicity chairman of the Irvington P.T.A., I would like to thank you for the publicity you so willingly gave our whist party.

The card party was a success, thanks to you and the grand number of people who attended or bought tickets.

Without your help in publicizing the event, fewer people would have known about it.

Thanking you, I remain,

TAREYTON VILLAGE DELAY IS GRANTED

The Alameda County Board of Supervisors on Tuesday allowed the Middlefield Company, developers of the Tareyton Village Tract at Decoto, another two weeks' delay before its final hearing on subdivision problems.

The company had originally scheduled construction of homes to get under way in the $6,000,000 tract in June, but failed to meet county requirements for sewage disposal and drainage facilities.

Time after time the representatives of the company have appeared before the supervisors on the date of hearings and requested extensions to allow them time to negotiate on various plans.

Tuesday's extension provides that the company representatives appear on November 14 to announce which of the alternatives offered by the supervisors they plan to accept.

The alternatives offered by the supervisors are: Annexation to the Decoto Sanitary District; contract with the Decoto Sanitary District for sewage disposal; contract with the city of Hayward, or build a plant of its own and operate it under the terms of a contract with the supervisors.
